PART B. PRODUCT QUALITY SERVICE

1. This warranty pertains to quality after clients bought and received our products.
2. Clients should inspect the products's quality within 30 days after they received the products.
Project used panels can be inspected within painting warranty time.
3. Claims should be raised in writing within 14 days of the problems being notified to Piedmont Plastics[®].
4. Please keep the ACP installation away from the chemical works, high pollution, high salt saturation and high temperature.
This warranty is not valid if there are damages on the surface of the products caused by chemical substance or mechanical such as corrosion, radiation, loading and discharge, transportation, processing and installation etc.
5. In warranty days, if after inspection the result indicates that quality flaw lies solely on Piedmont Plastics, depending on the actual situation, Piedmont Plastics will retrieve, replace, return products or return payment.
6. Clients should inform Piedmont Plastics in wrting about quality problems. If the products have not been examined by Piedmont Plastics and agreed in the written form, Piedmont Plastics will not be responsible for clients' action.
7. Piedmont Plastics will help the client with the amount if the contractor asks for replacement of problem panels.
8. Painting Guarantee Time: 8-10 years for PET coating for indoor, around 3 years for PET in outdoor applications.

This warranty is valid only of signing.
